Entrepreneur, Humanitarian, Teacher and Educator, Father & Family Man, Deep Appreciator of God and Spirit, Universally Connected, Making our WORLD a Better Place...ONE DAY AT A TIME!

BIRTHPLACE: Barberton, Ohio

EDUCATION: USC, Graduated May/1983 – Bachelor of Science – Marketing, Bachelor of Arts – Business Management/Administration

Experience has taught me that wisdom is learned as well as earned. Through the years I have ALWAYS maintained a POSITIVE ATTITUDE towards just about anything and now am truly realizing my TRUE WORTH and POTENTIAL. I have also exponentially grown SPIRITUALLY within the past 15 years or so which has opened another side of my potential...a unique "gut feeling" that guides my thoughts and actions towards a more fulfilling life and existence. It's NOT all about the money but about pursuing your DREAM...whatever that may be...and finding out what your divine purpose is on this planet! I get most satisfaction assisting others in realizing their dreams and objectives. By doing that, what is released to me is an INFINITE supply of whatever I need and I don't ever forget to thank God and the Lord for all the BLESSINGS I always receive and share with others. Once you figure that out...you become part of the BIGGER PICTURE...a BETTER person...and are GUIDED and CONNECTED in ways you only could imagine. I would be happy to share this and anything else that would make you more aware of this "magical" trait that will only bring you more success and fulfillment than anything else I have ever tried or witnessed!

Presently I am an Entrepreneur and Owner/CEO of SourceIT USA, Inc., SourceIT Global Ministries and The SourceIT Group of Companies.

THE SOURCEIT GROUP OF COMPANIES: Headquartered in Beautiful Southern California, The SourceIT Group of Companies began as a "Sourcing" conglomerate of IT related products both here in the USA and abroad and formed its first branch operation (SOURCEIT USA) back in 2005. We now represent some of the largest Raw Diamond and Gold purchasers on the planet, are a Monetization source for BG's, MTN's, LTN's and Historic Bonds (and other US Heritage Assets), are a provider of Fuel Distillates and Crude Oil through many different ports and channels and finally a Trade Platform intake for various cash trades. We know the ingredients for success and have been sharing them with clients worldwide. Whether it's Gold, Diamonds, a Server or just some unique and tested strategies that will enhance wealth, The SourceIT Group of Companies has a solution for you!

SOURCEIT USA and its highly trained staff of sourcing professionals provide a wealth of product and information to customers worldwide. We are constantly sourcing the globe for products and merchandise that through our efforts, allow our customers to shine by widening their bottom line profits. We have grown because we put ourselves in your shoes, asking all of the right questions along the way and listening to what you want and need...and getting it to you at the absolute rock-bottom price that we can offer; that's what we're all about!

We deal primarily with "State-of-the-Art" Digital Security solutions and technologies that are cutting edge and our clients have included such companies as Boeing, Lockheed Martin, Warner Brothers and the US Government. Most of our work/contracts are classified because of their nature but we can address just about any aspect of personal security/safety including disaster protection and any level of security desired.

SOURCEIT GLOBAL MINISTRIES: This is the International Division of SourceIT USA specializing in Humanitarian and Highly Specialized Project Funding and Global Trade Options. Highly Specialized Financial Strategies, PPP (Private Placement Programs and Managed Buy / Sell opportunities). Our Mission is to create a perpetual assistance fund for the sole purpose of funding humanitarian projects and other charitable efforts on a global basis and within the continental United States. We will fund anything and everything within our legal boundaries both here in the United States and abroad as long as it helps and promotes economic growth within our nation and the world. All while maintaining the highest level of integrity at all times. Through our training and educational efforts, we wish to bring forth and allow a new positive influx of people, ideas and energy that we believe will truly change the world. SourceIT Global Ministries - Education, Assistance and Change: One person and one idea at a time. Our mission is not a secret...it is the secret!

I am also a Managing Director of **XTERA HOLDINGS LLC:** The link connecting our domestic and international dealings involving SOURCEIT USA (Domestic) and SOURCEIT GLOBAL MINISTRIES (International). Everything is bridged through our entity Xtera Holdings and Source X. This connection further assists us with the creation and implementation of strategies that help us maintain our mission, which can be expressed as follows: Our Mission is to create a perpetual assistance fund for the sole purpose of funding humanitarian projects and other charitable efforts on a global basis and within the continental United States. We will fund anything and everything within our legal boundaries both here in the United States and abroad as long as it helps and promotes economic growth within our nation and the world. All while maintaining the highest level of integrity at all times. Through our training and educational efforts, we wish to bring forth and allow a new positive influx of people, ideas and energy that we believe will truly change the world.

We also coordinate and structure commodities trading (Deloitte - Barclays), BANK FINANCIAL INSTRUMENTS, GOLD (AU), ROUGH DIAMONDS, MINING along with MONETIZATION of just about any asset.

My background and expertise has spanned the following markets:

(MSA Labs – Sr. Account Executive/Marketing Director) Medical Lab Sales – Pre HMO/IPA 1983-1992

Computer Rentals: Project Related Computer Rentals to Medium Sized Corporation all the way to Tier-1 Fortune 500 Companies. 1993-1996

Computer Sales: (Worldnet Computers/ Coastline Micro – Sr. Account Executive) High Volume Computer Sales, Systems Integration – “State-of-the-Art” Networking Specialist. 1996-2003.

SourceIT USA, Inc. (Incorporated 2005 – Entrepreneurship initiated – Self Employment – Freedom) 2005-Present

SourceIT REO (Mass Project Funding – CTW “Change The World”) 2008- Present

SourceIT Global Ministries: This is the International Division of SourceIT USA specializing in Humanitarian and Highly Specialized Project Funding and Global Trade Options. Highly Specialized Financial Strategies, PPP (Private Placement Programs and Managed Buy / Sell opportunities). 2012-Present

This chain of events produced my current client base, which increases dramatically each year. By 2003 I realized that I was going to be part of a HUGE Project...but I didn't know what it was going to be. I've always been spiritually connected throughout my entire life...a Christian by birth...with LOVE and APPRECIATION for everything GOD has BLESSED me with. Yes...EVERYTHING I HAVE AND ACCOMPLISHED IS BECAUSE GOD HAS INSPIRED ME TO DO SO.

PEOPLE ASK ME...”DO YOU EVER HAVE A BAD DAY? I NEVER SEE YOU WITHOUT A SMILE!” THE TRUTH IS...POSITIVITY RUNS IN MY VEINS...IT'S A LIFESOURCE...THERE IS NO NEGATIVITY! THE OTHER SIDE OF NEGATIVE IS ALWAYS POSITIVE...ALL YOU HAVE TO DO IS FLIP IT OVER. LIFE IS FULL OF LESSONS...AND EVERYTHING IS A LEARNING EXPERIENCE. GOD DOESN'T WANT ANYONE TO SUFFER...IT WILL ALWAYS BE GOOD...IF YOU LET IT...AND ATTRACT IT!

FROM 2003 through the present...my life has changed DRAMATICALLY...because I opened my mind and truly accepted the messages/programming I was receiving. I have always possessed a true and genuine heart and spirit...but was unaware of the power we really have within us to change things...especially our own destiny! The rest of my life is/will be dedicated to helping mankind understand these possibilities...and how to capitalize on them.

It's not all about the money...that will come automatically...it's all about what you do with it. I hope that I can help reshape this world of ours...in such a big way...that I can touch as many lives as I can and put them on the same path that I have been guided to. Opening my heart and mind was all that it took and the SMILES that it has produced has made it worth every precious moment.
